

WNY GIS User Group

Next Meeting

Friday April 26, 2013

5:00pm at Kimball Tower 125 on UB's South Campus

Student Geospatial Lightning Presentations

The WNY GIS User Group is looking for interested students to participate in a student Geospatial Lightning Presentation meeting. Students will be given 5 to 7 minutes to present a Geospatial project, research topic, or research idea. This will be a great opportunity for students to present some of their Geospatial based work or ideas to the local GIS professional community and fellow students from other schools.

We are asking students to submit a 4 to 5 sentence abstract about their presentation and a selection committee will select 8 to 10 students to present at our next WNY GIS User Group meeting on April 26th. Please use the following link to submit a presentation abstract by April 5th for consideration.

<http://tinyurl.com/studentlightning>

There will be AV equipment at the meeting to support presentation needs. If specific software is required please be prepared to bring your own laptop. If you have any questions about the presentation requirements or the meeting itself, please submit all questions to: WNYGISUG@gmail.com

****Pizza will be served and presenters will receive gifts.**
