GEOGRAPHY AWARENESS WEEK

RSVP

Learn more here:
https://www.gisday.com/en-us/overview

Keynote, workshop, panel, and networking opportunities for those interested in geography, geospatial technologies, and mapping careers.

For accommodations or to reserve parking, please contact Jonnell Robinson at jdallen@syr.edu

Geography Awareness Week Keynote | Tuesday, November 17

Ethical GeoAI: Data, Algorithms, and Critical Futures | 4:30-5:45pm

Dr. Yue Lin from University of Illinois will examine emerging debates in geospatial technologies, artificial intelligence, and socially responsible ethics and use.
Reception to follow from 5:45-6:00pm.

GIS Day Events | Wednesday, November 18

Coffee and Creative Cartographies | 9:30-11:30am

Join us for coffee and create a map collage, disco maps, story maps (bring a laptop), and map icons with geography faculty and students researching at intersections of maps, art, and storytelling. *Come with any mapping questions and go as you please!*

AI and Geospatial Technologies | 12-1:30pm

A round table discussion with Dr. Yue Lin and invited guests on AI and geospatial technologies (GeoAI) and how they are being used (or not) in research, teaching, and professional practice. *Bring lunch and your questions. We'll have beverages and desserts!*

GIS and Mapping Jobs Panel | 2-3:30pm

A panel discussion on GIS and mapping careers. *Snacks provided.*
